Our Katrina experience was: We were living with my Mom @ [REDACTED] Citizen St. - She is elderly and that was her life time home. All our possessions were there and it got 4 feet of water. A month before the Hurricane I was diagnosed with breast cancer and scheduled to have surgery 8-30-05. The Hurricane hit 8-29-05. A week before I broke my foot. All my records at Dr. Lee's and the hospital were lost in the water. We went to Jackson and I had my surgery and DO NOT have to have chemo. My home in Waveland was only a few that did not get water. All my family lost all of their homes and no one had flood insurance. But, we have each other and that is the main thing. That and faith in God. We had to start all over again but we are looking at it as an opportunity not an obstacle.

Write something special that you would like Santa to bring you or your family:

Prayers and for our community to come back bigger and better.
